PLEASANT MEMORIES.
An Actress Who Visited Honolulu Years
Ago.
(San Francisco Call.)

"One of the most delightful re-
collections I have among all the
events of a rather busy career is that
of a week spent in Honolulu some
four or five years ago," said Katie
Putnam at the Columbia Theatre
last night. "We had been to Aus-
tralia for a season of twenty-six
weeks and were on our journey
home. We stopped at Honolulu,
and at the solicitation of the King,
who was then alive, we gave a se-
ries of performances under royal
patronage. The whole community
received us with open arms, and the
kindness shown us were such as
one never can forget."

"But, aside from that, the beauty
of the islands, the strange, almost
weird customs of the natives, the
ease and languor which seemed to
permeate and envelop all life made
the week seem like a quickly pass-
ing visit to another existence. Such
profusion of flowers and plants, such
rare and pleasing hospitality made
one think he had fallen heir to a
quarter-section in an earthly para-
dise."

"Major Macfarlane, who, I am
told, is at present in San Francisco,
was unremitting in his attention
and his purpose to make our visit
one to be forever remembered. Our
performances seemed to delight
everybody, and though anxious to
set foot again on our own ground,
we all felt a keen regret when the
time came to leave. It is the
dream of my life to go again to
those islands of a thousand del-
ights."

Of Maj. Frank.
(St. Paul Dispatch.)
Frank Hastings, who is the Sec-
retary of the Hawaiian Legation at
Washington, is a New England
boy, who went out to the islands
about fifteen years ago, and has re-
turned a diplomat. Young Amer-
icans who have a good job at home,
however, need not leave it in the
prospect that Hawaii has many such
soft snags lying around loose.

Printing Plant Judgment.
Judge Perry today rendered a
decision in the matter of H. A.
Widemann vs. B. B. Thomas, re-
plying, the property concerned be-
ing the printing plant of the *Hilo-
ma* restrained for rent and now
used by the *Bulletin*. Plaintiff
Widemann is awarded \$1,300 judg-
ment, the amount brought by the
plant when sold, and \$1 damages.

Accomplishing Good.
A deep interest has been stirred
up in religion by the Evangelist
Romig's plan and forcible decla-
ration of the Gospel since he has been
here. The close attention of the
audience nightly, as well as the
questions sent in to be answered
from the pulpit attest this fact,
and a great deal of lasting good
must be the result of such faithful
teaching.

How to Cure Rheumatism.
ARAGO, Coos Co., Oregon, Nov. 10,
1895.—I wish to inform you of the great
good Chamberlain's Pain Balm has done
my wife. She has been troubled with
rheumatism of the arms and hands for
six months, and has tried many remedies
prescribed for that complaint, but found
no relief until she used this Pain Balm.
One bottle of which completely cured
her. I take pleasure in recommending
it for that trouble. Yours truly, C. A.

BIG CASES.
Features of the Next Supreme Court
Term.

The Supreme Court, which con-
venes Monday morning, will have
several important cases to dispose
of. The first will be the appeal on
habeas corpus of G. H. Rutman.

Appellant is Marshall Brown. Rut-
man is thought to be on Hawaii.
Several sides of the Trousseau case
will come up.

An interesting case will be the
libel of the British schooner Hen-
rietta. The whole matter of the
men and smuggling business
will hinge upon this decision. In
the meantime the men have been
in jail about two months.

Aside of this option case will be
that against W. B. Anderson and
the crew of the vessel. If the
schooner be condemned, this appeal
may be withdrawn. Other cases
will be J. C. Cluney's writ of in-
junction against the Chinese theatre;
King vs. Hutchinson, assumpsit;
and J. O. Carter, et al. vs. Mary P.
Carter, et al. on appeal from the
will of the late H. A. P. Carter.

A Farewell.
The Scottish Thistle Club will
give a farewell to Mr. Thomas
Lindsay this evening. Mr. Lin-
dsey will leave by the Australia,
and at the solicitation of the King,
the members of the Thistle Club are
invited to be present this evening.

PREMATURE.
Statement With Relation to New Hotel
Repos.

With respect to a rumor to the
effect that Messrs. Bruce Waring &
Co. will build a hotel at the corner
of Beretania and Fort, this firm
states: "The report is premature.
We have been approached and asked
to put up a large, three-story build-
ing to accommodate a modern hotel.
That is as far as the matter has
gone. If we were assured of a
reasonable interest on our invest-
ment, the proposition might be se-
riously entertained. That may or
may not be done by whomsoever
brings the matter up."

"What we expect to do some-
time in the future, as THE STAR
has already stated, is to erect a
business block on the old Fort
street church premises. It is not de-
cided when this work will be
undertaken. The other matter will
depend entirely upon what the
town is willing to guarantee to us."

GOES THROUGH AT \$30,000.
ITEMS FOR INCIDENTALS, CIVIL AND
CRIMINAL EXPENSES.
A Private Explanation—An Act Rejected
As Unconstitutional—In the
House.
EIGHTEENTH DAY.

SENATE.
Senator Holstein was appointed
to succeed ex-Senator Nottley on
all committees.

The Appropriation Bill, Current
Accounts was taken up with the
committee's reports thereon. The
report on "Incidentals, Civil and
Criminal expenses \$30,000" in the
Attorney-General's department was
recommended by the committee
and passed.

On motion the matter was taken
up item by item.

The Attorney-General drew at-
tention to the increase of business
in his department. \$31,000 was
appropriated for incidentals during
last period. He thought that \$30,
000 would do. Some expenditures,
notably work that had been done
on the Pacific Coast, could be cut
down during the present period.

Mr. McCandless questioned the
Attorney-General regarding the
expenses for incidentals of the last
two fiscal periods. \$27,000 was
appropriated for 1892-93, \$31,000
for 1893-94. He thought if these
troublesome periods had been passed
on the amounts given, \$20,000
would be enough for the ensuing
period. He had unlimited confi-
dence in the economical inclina-
tions of the Attorney-General's
department, but he thought \$20,
000 too much to be put up at the
risk of extravagance. If the money
was there, there would be a tempta-
tion to spend it. He would be the
last to do or say anything that
would cripple or stay the
excellent work of the Attorney-
General's department, but he con-
sidered this item entirely too large.
In case of another uprising or trou-
ble of any kind the Council of State
could easily appropriate money for
it.

At this juncture the Attorney-
General visited the Senator's table
and acquainted him with certain
details which he did not see fit to
make public, whereupon Mr. Mc-
Candless withdrew his motion.

"Detective Service, \$8,000,"
passed at \$16,000 and "Support
Citizens Guard, \$8,000," passed as
in the bill.

The report of Committee on sal-
ary of Dr. Rodgers was read.

Minister Smith moved to make
the item "Compensation," as it
could not be called a salary, and
that it be passed at \$250. So or-
dered.

The bill as a whole then passed
second reading.

Under suspension of rules Sen-
ator Lyman read his bill, an act
to provide for acquiring and reserving
certain lands in the town of Hilo to
the public use, first time.

Senator Schmidt recommended
payment of an item of \$150, ex-
penses of the Committee on Salaries,
passed at \$16,000 and "Support
Citizens Guard, \$8,000," passed as
in the bill.

Workmen on the opera house,
while engaged in removing window
casings this morning, found a num-
ber of bullets of various sizes.
Some of the larger ones preserve

been fired from the Palace grounds
to dislodge a force that had made a
stand in the opera house. The
bullets are in demand as souvenirs.

A Trophy Rifle.
It has been decided to put up
the Marlin trophy rifle, a 38-55
fancy sporting repeater, to be com-
peted for by the companies of the
Regiment. Teams of 10 men only
from each company may enter.
The rifle will be shot for every six
months, and must be won three
times before possession will be
given. The trophy was sent from
the factory to Hall & Son.

A Leading Feature.
Intending purchasers; commend
them to L. B. Kerr's store on

a complete assortment in all widths,
at prices that cannot be over-
stated. The bottom notch is
reached every time.

A Pleasant Social.
There was a quite large attend-
ance for the social of the Central
Union Church last evening. It
proved to be one of the very pleas-
antest of these affairs. One is held
each month the greater portion of
the year. The managers are un-
tiring in attention to guests. Mus-
ic included singing by Miss Alice Judd,
a piano solo by Miss Greene, a song
by Miss Kate Fleming and a selec-
tion and an encore by Prof. Har-
rell, whose splendid voice was never
heard to better advantage. There
were refreshments and conversation
till 9:30.

An Ice Palace.
THE STAR has received from a
friend in Colorado a handsome and
striking lithograph of the famous
ice palace open at Leadville. It
is a castle of immense extent,
built of blocks of ice from lakes
near Leadville. A view of the
crystal palace is a treat on a warm

Pumping Plant Running.
Supt. Brown will have the new
pumping plant at Alapai and Be-
retania in operation all of tomorrow.
The mains and branch conduits are
to be flushed. These are given a
thorough cleaning at least once a
month. Members of the Legisla-
ture and others who would like to
see the new plant running will be
welcome.

Light on the torch.
Such is the verdict of all those
who have tried Seattle Brewing

Some beers lie heavy on the
stomach.

That is certainly not desirable.
By using the Rainier or Olympic
brand, you are sure of a mild, light
beer, one that is easy to digest and
nutritious. Sold at the Criterion
saloon.

A Show Company.
Messrs. Price and Burns will
form a company and give enter-
tainments. They will likely en-
gage Evan's acrobats and other
local talent, and erect a tent some-
smaller than that used by the
circus. Evan's company of acro-
bats has lately been augmented by
the arrival of other professionals
from Japan.

In the fall of 1893 a son of Mr. T. A.

HOSHINA IS BRIGHT.
WAS A CHIEF FACTOR IN BUILDING
A CHURCH.

Has a Newspaper—Was Considered the
Soul of Honor—The Court
Case.

Hoshina, the Japanese charged
with importing opium through the
Custom House while employed in
that department, is an exception-
ally intelligent and shrewd fellow.

He began his Hawaiian career on
Papaikou plantation some years
ago since whence he has ascended
the scale of prosperity by easy if
not rapid stages. While on Ha-
waii he became interested in reli-
gious matters, and he and Rev.
Okabe built the Japanese church
at Hilo. The people paid for the
church and, it is hinted, Hoshina
got the desired "pull."

In 1894 he came to Honolulu,
where a newspaper and soon after
entered the Customs service.
His extraordinary brightness com-
mended him to the department and
he was soon after made first as-
sistant to Appraiser Fishel. In that
capacity his course was such as to
inspire confidence. When large
shipments of goods that had made a
few boxes counted and the as-
signed goods and reported thereon.
He arrived at the Custom House
early and left late. He was never
suspected of opium dealing or
crooked appraisal work until
recently, when the department ex-
amined him and found him to be
a true man. He has been accus-
tomed to be successful for some
time. Though his salary was quite
small he has maintained a family
and home, and found no difficulty
in securing a signature to a \$2,000
bond.

The case was called in the Dis-
trict Court this morning, but was
postponed to next Thursday upon
the request of the prosecution.

ARMY MEETING AWAY.
WETTER MINUS SOME OF THE
SPANISH SOLDIERS.

Thousands Reported to Have Gone
Over to the Banks of the
Cuba.

St. Louis, Feb. 25.—A special
to a local paper from New York
says: A dispatch from Havana
says 15,000 Spanish soldiers are
missing in Cuba. The fact has
been communicated to the Madrid
Government, and the search for
their whereabouts is going on day
and night. Official circles are in a
state of alarm, for 15,000 men,
with 15,000 rifles and 500,000
cartridges, is an enormous item
in the Spanish army. The disap-
pearance of the men will ultimately be
traced to either death in battle, the
number of which has been concealed
to hide Spanish losses among those
detested to positions in various
parts of the island. No record has
been kept of, or desertions to
join the insurgents.

The Spanish records show that
entire garrisons have joined the
rebels with their arms in every
province on the island. An order
was issued by General Weyler sev-
eral days ago for a report of the
number, positions and condition of
the army. The responses to this
it is said, have increased the con-
fusion. There are reports now
from reliable sources that there are
20,000 men instead of 15,000, to
be accounted for.

Dainty Trimmings.
Valenciennes lace is the specialty
this week at L. B. Kerr's. There
are a few hundred dozen left rang-
ing from 25c to \$3 per dozen yards.
Plans given away.

The Saw Assail.
Wednesday's STAR reported the
arrest of two Chinese for assaulting
a Japanese man and woman with a
saw. Today the Chinese, who also
have a story, had the two Japanese
arrested on the charge of assault
and battery.

Struck by an Engine.
A Portuguese wagon, while
crossing the railway track at Wal-
pilolo Thursday afternoon was
struck by a train. It seems the
driver did not hear the whistle and
did not see the train until it was
close upon him. The driver had
time to save himself, but the wagon
was smashed to pieces.

Small Blaze.
The fire bell rang at 6:25 Thurs-
day evening and the department
responded promptly. The blaze
was from the roof of a cottage to
rear of Senator H. W. Schmidt's
residence, Beretania street. It was
fired from a stove pipe. The chemi-
cal engine only was needed to ex-
tinguish the flames. Damage will
not amount to \$100. Mr. Schmidt's
sister occupied the cottage.

The Uniform Rank.
Thirteen members of the P. H.
Brooks Division of the local Uni-
form Rank of Knights of Pythias
attended the meeting for reorgan-
ization last evening. Twelve ap-
plied for membership and were re-
ceived and acted upon favorably.
Officers were chosen as follows:

S. K. Captain—C. J. McCarthy.
S. K. Lieut.—C. J. Gray.
S. K. Herald—Geo. P. Denison.
S. K. Recorder—Geo. C. Strate.

S. K. Treasurer—F. B. Oat.
Uniforms for the new members
will be ordered at once and train-
ing for the fancy drilling of the
society will be carried on under the
instruction of Capt. McCarthy.

Public Opinion.
Public opinion is the highest
commendation, as is attested by the
fact that the Pabst Beer exceeded
by 40 per cent. the amount of beer
sold by any similar institution in
the world. This famous beer is on
draught at the Royal, Pacific and
Cosmopolitan saloons.

MILITIA NOTES.

The second battalion, Companies
F, G, H and D, will drill tonight.
Companies are required to assemble

talion recruits in Armory Square
Thursday evening.

RAINFALL.
A Heavy Shower in Town—February
Figures.

Rainfall report for February was
issued today. Honolulu, Hawaii,
with 17.17, takes the lead for the
islands; Laupahoehoe is a close
second with 17.14. On this island
precipitation was light. Luakaha
had only 7.62 for the month, which
is the highest for Oahu. Punaluu
had 3.06, the Park 1.47, Honolulu
city center 1.87, Waianae 1.10,
Kahuku 2.02. The highest for
Kauai was at Hanalei, 6.58; Maui,
Punahoa, 7.14.

The rainfall in the center of town
during this afternoon's shower was
1.02 inches.

Rain started in the city at 1
o'clock and for a time poured down.
Up to 2 o'clock no rain had fallen
at Ewa, Waianae, Waialua, Ka-
huku or Koolau, though it was
cloudy. At 2 o'clock Prof. Lyons
said: "I think the rain here will be
all over very soon." This proved to
be the case.
